I don't have time to be in love
Kissing you on the cheek 200 times a week
I don't have time to be in love
Watching a foreign film, feet on the windowsill

But that's not true when I'm with you

I don't have time to be in love
Way too much candlelight keeping me warm at night
I don't have time to be in love
Cooking a meal for two, climbing all over you

But that's not true when I'm with you
Cause I used to be there for you
When you were so blue
I'd walk with you in the rain
Nothing was better when we did it together
But I don't have time for love

I don't have time to be in love
Holding you to my chest, feeling your every breath
I don't have time to be in love
Laughing so hard we cry, sometimes I don't know why
I don't have time to be in love
Maybe this reverie just wasn't meant for me

But that's not true when I'm with you
When I'm with you
