I painted my nails for my birthday
I turned a gray, my color had drained
Cause I finally saw how you hurt me
I was blinded by love, rewarded with pain

And I will get over you
It hurts right now
But I know it's true

I thought we had something golden
I thought that we'd outlive them all
I hope that we would grow old
But I'm just another brick in your wall

But I will get over you
It hurts right now
But I know it's true

I may break down
I'll run back to your arms
Around me in my?
So warm, so right?

I will get over you
It hurts right now
But I know it's true

I will get over you
It hurts right now
But I know it's true

But I will get over you
It hurts right now
But I know it's true
