I am lost, in an ocean.  
Far away from home.

Carry me, across the sea.  
To a place I've known.

And i don't like it here anymore.  
No i don't like it here, anymore. Anymore.

Lock me in, close the door.  
Oxygen, falls apart.  
Spiders crawl, Mountains fall.  
Every evening sirens call.

And i don't like it here anymore.  
No i don't like it here, anymore. Anymore.

(vocalising)

And i don't like it here anymore.  
No i don't like it here, anymore.  
No i don't like it here, anymore.  
No i don't like it here, anymore
