I've been walking around, been making plans for later
Somehow I lost them out of sight
I've been tracing steps all through this haunted
borough,
been feeling you

I've been prowling round like dogs in sordid alleys,
crawling in and out of bars
and it will all be gone tomorrow

If you're still awake
open up the door
let my ordinary breakdown
get you down once more
Oh, if you're still awake
open up the door
It's an ordinary breakdown
just an ordinary breakdown
If you're still awake

I've been picturing your face in vacant windows
and I keep talking to myself
Now I'm staying in the zone, this wicked limbo
like there is no tomorrow
there is no tomorrow
it will all be gone tomorrow

If you're still awake
open up the door let my ordinary breakdown
get you down once more
Oh, if you're still awake
open up the door
it's an ordinary breakdown
just an ordinary breakdown

Tell me what you're waiting for
Now you've got me standing at your door
Tell me what you're waiting for
'Cause it will all be gone tomorrow
It will all be gone tomorrow

If you're still awake
open up the door
Let my ordinary breakdown
get you down once more
Oh, if you're still awake
open up the door
It's an ordinary breakdown
Just an ordinary breakdown
It's an ordinary breakdown
Like the ones I've had before

Oh, if you're still awake
open up the door
It's an ordinary breakdown
Just an ordinary breakdown
