[Intro]

It's Eric Crawley on your speakers, maine!  
Gang bangster bitch

I shower on, hour on  
Weed is the breakfast, of champions  
Later on, I get gone  
Car stereo bumping mad song, wha  
Baby girl I'm on my way, on my way  
Just be ready to say my name, say my name  
After 4, at your door,  
Loving told me to tell you  
Let's get it on

[Bridge]

Girl stop acting so bullshit,  
Let me see you do your thang  
I know you wanna do me  
I'll let you wear my chain  
Now let me see you get ghetto, ghetto

[Chorus] x 2

Like you from the part, wind it up slow  
I bet you real good, when you drop it low, low, low, low  
Let me see you go, go, go, go, go  
Get ghetto

... check, booty check  
Question, staring, answer, guess  
Got me going crazy, losing it  
Had a lot of girls, but non like this, oh whoa  
Girl I'm ready to get it in, get it in  
Believe you can handle it  
... x, blue jeans, x, you bad sex

[Bridge]

Girl stop acting so bullshit,  
Let me see you do your thang  
I know you wanna do me  
I'll let you wear my chain  
Now let me see you get ghetto, ghetto

[Chorus] x 2

Like you from the part, wind it up slow  
I bet you real good, when you drop it low, low, low, low  
Let me see you go, go, go, go, go  
Get ghetto

Uhu, uhu, get ghetto, ghetto, whoa,  
Oh, try to see you like  
You grow in a tree girl  
Get it in girl, get it in girl  
If you wanna see the more timber  
Now let me see you get ghetto

[Chorus] x 2

Like you from the part, wind it up slow  
I bet you real good, when you drop it low, low, low, low  
Let me see you go, go, go, go, go  
Get ghetto.
