#### [Verse 1]

When I talk to you girl, there is no one else  
That I rather need except you to myself  
You need to know when I look in your eyes  
Feels like my birthday, I get surprised  
Now I never thought you'd blow my candles  
All I needed ma was a single wish  
Yeah I felt the works, I hopped a grand slam  
Jumped a subway turned to Bamm Bamm  
Sparked a flint-stone, saw my fire  
Fell in love with pebbles, she hot my wires  
Oh yeah, she's shines so bright  
The sun in the sky that could make me blind  
Unique like snowflake, one of a kind  
Needle in a haystack, hard to find  
Mining coals unexpected to land mines  
On my appointment, you exploded on time

#### [Bridge]

Girl you're the one that I need  
I will never let you go  
To me you're my everything  
So I thought I let you know  
Baby-girl, my life is a blessing  
Stick by your side no need to question  
I guess this is what they call a confession  
My everything, I wanna get let in

#### [Verse 2]

Forever ever through worse or better  
My valentine she's my written letter  
Cupid's arrow came from the back  
Couldn't see what's coming, fell in your trap  
Seems like Rapunzel got me tangled  
Extraordinary pixie fable  
Engraved on me like tattoo labels  
Wifi off we connect like cable  
Connection that we made  
You're a state of art like paper mache  
I know you know this feels Rite Aid  
Me back to life when you came my way

At my base, you had a mean throw  
I took that hit, I couldn't veto  
Story of my life you best believe so  
Where we begin there's no finito

[Bridge]

Girl you're the one that I need  
I will never let you go  
To me you're my everything  
So I thought I let you know  
Baby-girl, my life is a blessing  
Stick by your side no need to question  
I guess this is what they call a confession  
My everything, I wanna get let in
