Tell me, baby, where to find my heart
Ooh, ooh, ooh, ooh... Tell me now, baby, where to find
my
Heart
I gotta run with you now, child, before I fall apart
I can hardly see the road the way the rain keeps fallin
Down
I can hardly see the road the way the rain's been
Fallin down
Please show me where to go so I can leave this
lonesome
Town
Aw, yeah
I got to run with you, baby
I got to run with you, baby
I got to run with you now
I got to run with you, baby
Run with you, baby
Run with you, baby, now
Just to find my heart
I got to run with you, baby
I got to run with you, baby
I got to run with you, Lord
I got to run with you, Baby
Run with you, baby
Run with you, baby, now
Just to find my heart
Aw, yeah... Come on!
Aw yeah!
Wooh!
Ow, it's alright!
I got to run with you, baby
Oh, yeah
I got to run with you, baby
Ooh, you know I gotta
I got to run with you, baby
Mmm-mmm-mmm
I got to run with you, Baby
I got to run with you, Baby
Run with you, baby now
Run with you, baby

Run with you, baby now
Run with you, baby
Run with you, baby now
I just got to find my heart
Tell me, baby, where to find my heart
Ooh, ooh, ooh
Tell me now, baby, where to find my heart
Yeah
I gotta run with you now, child, before I fall apart
I got to run with you, baby
I got to run with you, baby
I got to run with you, Lord
I got to run with you, Baby
Run with you, baby now
Run with you, baby, oh
Just to find my heart
I got to run with you, baby
I got to run with you, baby
I got to run with you, Lord
I got to run with you, Baby
Run with you, baby
Run with you, baby, now
Just to find my heart
Uh... Yeah
