You know you took my heart,
and you broke it apart
why did i love baby, you, right at the start
you know you took my love throw it away
you're going to want my love someday
well, bye bye baby
well i thought your love was
was oh so true
then you stabbed me baby, i started loving you
you know you took my heart throw it away
you gunna want my love someday
well, bye bye baby
well your love was sweeter than any i know (soo.)
dont come back, romance or knocking on my front
door
well i thought that i was your only girl
that there was no other

yeah
in this whole wide world
you know you took my love through it away
you gonna want my love someday
well bye bye baby
your love was sweeter than any i know
so dont come back romance or knocking on my front
door
well i thought that i was your only girl
that there was no other
in this whole wide world
you know you took my love through it away
your gonna want my love someday
yeah bye bye baby
i dont want you no more
bye bye baby
