And I'll burn you with--
And I'll burn you with--
And I'll burn you with love in the third degree,
'Cause you're playing with fire if you boogie with me;
Love in the third degree,
'Cause you're gonna get burned if you tango with me!

Games people play, you take it or you leave it,
Things that they say... honor brite!
If I promised you the moon and stars, would you
believe it?
Games people play in the middle of the--

Love in the third degree!
'Cause you're playing with fire if you boogie with me;
Love in the third degree,
'Cause you're gonna get burned if you tango--

(Thank you, you've been a wonderful audience, we love
you!)

...With me!
