Nothing can change my mind  
Nothing can stand in my way  
Knowing without any shadow of doubt  
This is the hour  
This is the day  
Nothing can stop me now  
No matter what people may say  
I'm leaving the mad rushing real world behind  
Nothing can change my mind

This time the dream can't wait another minute  
Won't let the clouds get in my way  
This time I'm gonna take it to the limit  
Make tomorrow more than just another day

I'm ready to take the chance  
So let the dice fall where they may  
I'm wise to the promises, secrets and lies  
No crock of Gold, No big surprise  
You can tell them I've seen the light  
And say that the future seems bright  
I've chased all their rainbows  
The very last time  
Nothing can change my mind

This time the dream can't wait another minute  
Won't let the clouds get in my way  
This time I'm gonna take it to the limit  
Make tomorrow more than just another day

So send my apologies  
Give my regrets  
Make my excuses  
And pay my respects  
Then cancel the papers  
And sell my effects  
Don't try to scare me  
Don't double dare me  
Nothing can change my mind  
Don't try to persuade me  
Don't serenade me

Nothing can change my mind
