Close your eyes and go to sleep, my darling little one
Close your eyes and go to sleep, my baby
Mommy's watching over you, the sandman's on his way
Dream about tomorrow and the games you're going to
play
My baby...

The sun is just a tiny star
The moon is not so very far
It's time to say goodnight
Close your eyes, and when you wake,
The world will be all right

The stars will not come out to play
I asked them why, they wouldn't say
Until the break of day
Close your eyes, go to sleep,
And dream the night away

May the Lord watch over you and speed you on your
way
Through the dark journey of the night
And if God is listening, please, keep him safe from
harm
'Til the dawn embers of the ever-burning, everlasting
sun...

Just a tiny star
A moon that's not so very far
Until the bright new day
Close your eyes, go to sleep
And dream the night away
One more kiss, then close your eyes
And dream the night away

Close your eyes and go to sleep, my baby
Mommy's watching over you, the sandman's on his way
Dream about tomorrow and the games you're going to
play
My baby...

So you must sleep and then

Morning comes, dawn will break, the sun will shine
again
Morning comes, and when you wake
The sun will shine again...
