By this, with the soulful goodnight  
I wish you this, all the things that you're hiding from  
Hide me in the hole stored away from nightmares  
They lived here longer than I have

And I wish you the best  
And I wish you the best  
And I wish you the best  
But I wish

La da doo da da daa  
La da doo da da daa  
La da doo da da daa  
La da doo da da daa

La da doo da da daa  
La da doo da da daa  
La da doo da da daa  
La da doo da da daa

With the world to turn this microphone  
Till the day your heart explodes, or the day you get old  
In these precious steps to warn this fear  
I will carry you till then, from beginning through the end

I'm only wishing you the best  
(I've been walking one way to get back to her)  
I'm only wishing you  
I'm only wishing you

I'm only wishing you the best  
(I've been walking one way to get back to her)  
I'm only wishing you  
I'm only wishing you

La da doo da da daa  
La da doo da da daa  
(When I get to hold and see you)  
La da doo da da daa  
La da doo da da daa  
(Till then)

La da doo da da daa  
La da doo da da daa  
(When I get to hold and see you)  
La da doo da da daa  
La da doo da da daa  
(Till then)

La da doo da da daa  
La da doo da da daa  
(When I get to hold and see you)  
La da doo da da daa  
La da doo da da daa  
(Till then)

La da doo da da daa  
La da doo da da daa  
(When I get to hold and see you)  
La da doo da da daa  
La da doo da da daa  
(Till then)
