i feel alone,
although your still here,
we've lost so much,
as we drift through the years,
i don't know whats changed,
but it's perfectly clear,
it's your love that i miss most of all

i remember the time,
i held you tight,
now there are miles,
in between us at night,
i don't know whats wrong,
but it just can't be right,
it's your love that i miss most of all

i'd thought we'd last forever,
now it seems there's not future, together

i used to smile,
when i heard your name,
now i just cry,
coz i don't feel the same,
wish we could stop,
giving each other the blame,
it's your love that i miss most of all

our perfect love,
had died in your eyes,
now all you do is torture me with your lies,
you've made a mistake,
someday you'll realise,
its your love that i miss,
the taste of your kiss,
your love that i miss most of all
