Give out only good things  
and they'll come back to you,  
if you keep your arms open the light will touch you,  
there's a time to surrender yourself  
to be true to someone and be true to yourself,

Let love be your guide  
let faith keep you strong,  
then wherever you go  
the road won't seem so long  
whenever you loose  
whatever life put you through  
the worlds not so wide  
when love is your guide

you've got to learn what is precious,  
and what to let go  
put yourself in the right place,  
before you can grow,  
if your there with your head in your hands,  
just remember every rocks made of sand

Let love be your guide,  
let faith keep you strong,  
then wherever you go,  
the road won't seem so long,  
whenever you loose,  
whatever life put you through,  
the worlds not so wide,  
when love is your guide

it gets deeper and deeper with time,  
and it get clearer the higher you climb,  
the further you go,  
the more that life shows you,  
there's a time to surrender yourself,  
to be true to someone and be true to yourself

let love be your guide,  
let faith keep you strong,  
then wherever you go, the road won't seem so long,

whenever you loose,  
whatever life puts you through,  
the worlds not so wide,  
when love is your guide.
