The whole town's talking about
You and your new guy
You're flying high now
In your single world

But you're gonna need me
But you're gonna need me
You're gonna need me, darling
And it won't be long

When you leave and say goodbye
Don't come back with tears in your eyes
You were a good lover once
But you didn't know

But you're gonna need me
But you're gonna need me
You're gonna need me, darling
And it won't be long

The whole town's talking about

You and your new guy
You're flying high now
In your single world

But you're gonna need me
But you're gonna need me
You're gonna need me, darling
And it won't be long

When you leave and say goodbye
Don't come back with tears in your eyes
You were a good lover once
But you didn't know

But you're gonna need me
But you're gonna need me
You're gonna need me, darling
And it won't be long.
