where gon be in a few years baby
now i'm contemplatin'
is this real love that we makin'
is it true love or are we fakin'
you need to know
i need to know
never thought that we would ever come to this
it is so perfect what we have
true happiness
and we've come so far
we were meant to be in love forever
never occured to me that we were meant to be with
someone else
[verse two]
touches filled with pain
empty kissed
feelings not the same
and when we say the words "baby i love you" is that
what really mean
now i'm contemplatin'
is this real love that we makin'
is it true love or are we fakin'
you need to know
i need to know
[chours]
never thought that we would ever come to this
it is so perfect what we have
true happiness
and we've come so far
we were meant to be in love forever
never occured to me that we were meant to be with
someone else
[verse three]
it's a shame that we just coldn't make it right(make it

right)
it's so bitter sweet but i have a freind for love
and you have found a
different kind love thats hard to find
but i found my true love and i have to say " good bye"
[chorus]
never thought that we would ever come to this
it is so perfect what we have
true happiness
and we've come so far
we were meant to be in love forever
never occured to me that we were meant to be with
someone else
[chorus]
never thought that we would ever come to this
it is so perfect what we have
true happiness
and we've come so far
we were meant to be in love forever
never occured to me that we were meant to be with
someone else
