This is my last dance with you
This is my only chance to do
All I can do
To let you know that what I feel for you is real, so real

This is the last chance for us
This is the moment that I just
Cannot let end
Before I know that there's a chance we're more than
friends

So don't let go
Make it last all night
This is my last chance to make you mine, mine

I kept my feeling so deep
I kept my dreams of you and me
Somewhere inside
Although I prayed that you would see it in my eyes

But this is my last chance to say
What's in my heart before you fade
Out of my life
And never understand the way I feel inside

So hold me close
'Cause it feels so right
This is my last chance to make you mine

Make this dream reality
So close and yet so far
Gotta find a way into your heart
Gotta speak my mind
Gotta open up to you this time
I can't let you slip away tonight

This is my last dance with you
This is my only chance to do
All I can do
To let you know that what I feel for you is so real

So don't let go

Just make it last all night long
This is my last chance to make you mine
To make you mine
