You say you love him.  
But you need need need to let him go

I never thought my friend would love, someone  
who treats her like she's no one.  
But still you stay

You say you love him  
but he just don't treats you right  
you say you need him  
But you always alone at night  
you deserve to be with someone who won't make you  
cry  
let him go, let him go, let him go  
Let him go...

Choose a lover  
that's what he told you to  
You gave him all that you have.  
But yet you get nothing back  
cuz you. Just don't wanna be lonely

You say you love him  
but he just don't treats you right  
you say you need him  
But you always alone at night  
you deserve to be with someone who won't make you  
cry  
let him go, let him go, let him go  
Let him go...  
You don't have to hurt  
No no shed no tears. Cus you're a BIG girl.  
You're a big girl now.  
I'm telling you. Woman to Woman.  
Everybody, everybody plays the fool, sometimes  
You need to do right man.  
Someone who wil understand.  
You say you love him  
but he just don't treats you right  
you say you need him  
But you always alone at night  
you deserve to be with someone who won't make you

cry  
let him go, let him go, let him go  
Let him go.

If you need a friend i'm here.  
A shoulder to cry on, I'm here
