Mya:

When I think about the first time (first time)
I thought I found someone who cared for me
But things were not as they appeared to be

Allure:

Rainy day man
On your shoulder I cried
When my first brush with love
Left me shaking inside
Rainy day, rainy day, rainy day man

Allure:

Ever since I can remember (remember)
Like a brother
You've been strong and true
Always been the one to see me through

Mya:

Rainy day man
You're much more than a friend
I would give anything
Just to see you again

Bridge:

Rainy day man
On you're shoulder I cried
When my first brush with love
Left me shaking inside
Rainy day man
You're much more than a friend
I would give anything
Just to see you again
Rainy day, Rainy Day
Rainy day man
