When you need someone  
Sometimes it's hard to run  
Away from everything you're feeling

I know that I wanna be with you  
And I know that one day all my dreams will come true  
I just wanna kiss you and show you how I feel  
Boy, my love is real, oh

All the times that you told me  
That you would never leave me lonely  
How does it feel to be rejected  
But I'll tell you again that I know

When you need someone  
Sometimes it's hard to run  
Away from everything you're feeling

I told you that I really need you  
So why don't you tell me  
Right now what you're gonna do  
About this feelin', I have deep inside  
Boy, I wanna ride

All the times that you told me  
That you would never leave me lonely  
How does it feel to be rejected  
But I'll tell you again that I know

When you need someone  
Sometimes it's hard to run  
Away from everything you're feeling

When you need someone  
Sometimes it's hard to run  
Away from everything you're feeling

Now I told you, that I really need you  
So why don't you tell me  
Right now what you're gonna do  
About this feelin', I have deep inside  
Boy, I wanna ride, I wanna ride

I wanna ride, I wanna ride, oh oh

When you need someone  
Sometimes it's hard to run  
Away from everything you're feeling

When you need someone  
Sometimes it's hard to run
