I'm going to fuck your life up  
I'm going to crush your soul  
Two demons stand beside me  
And now i'm takin' control

I never sleep  
I got a sinister plan  
Your world is weak  
And i'm overtakein' command

Because i am the warlock  
I am the warlock

I'm going to fuck your mind up  
And you'll be writhing in pain  
Stare deep into my scepter  
Now you're goin' insane

You try to run and hide  
?  
You try to gather up your army  
Now you're making me laugh

I whisper the ancient scriptures  
I drink the blood of the lamb  
And as i begin to levitate  
This is the day of the damned

I am the warlock  
I am the warlock
