Vampires of this earth, hungry dying of thirst
Lifblood in short supply
Black skies red watching eye, burning into demise
As all light slowly dies

Seeds of man's decay have grown to take away
The sacred gift of life
Mother nature cries as darkness fills her eyes
Yes we are blind, too blind to see our tombstone
destiny

Ice cold man watches earth die
Eternal winter takes its reign
Devoid of light filled with pain
Ice cold man watches earth die

Bleak the atmosphere, freezing warmest tears
The earth a ball of ice
Bodies frozen cold glacier heart and soul
All warmth has long since died

In his arctic hearse man rides death universe one final
time
Through black frosted sun into oblivion

Ice cold man watches earth die
Eternal winter takes its reign
Devoid of light filled with pain
Ice cold man watches earth die

Beneath a veil of black ice
He sees now hell once paradise
Ice cold man watches earth die

All love lost, lost without a trace
Behind his frozen empty face
Defunct eyes, cold as arctic ice
Ice cold man pays the final price
Ice cold man watched the earth die, ice cold man

All love lost, lost without a trace
Behind his frozen empty face

Defunct eyes, cold as arctic ice
Ice cold man pays the final price
Ice cold man watched the earth die
Ice cold man, ice cold man

In his arctic hears man rides death universe one final
time
Through black frosted sun into oblivion

Ice cold man watched his earth die
