Ooo baby (baby)  
Ooo baby (baby)  
Ooo baby (baby)  
Dam girl, can I ride with you?  
Ooo baby (baby)  
Ooo baby (baby)  
Ooo baby (baby)  
Dam girl, can I ride with you?

[Verse 1:]

I never thought, how life could be,  
When I look in your eyes I'm feeling so complete  
You're a gift to me, from the lord above,  
And I feel so gifted 'till I found this love  
True love that I never though a G could feel,  
Am I living a dream cause this is so unreal  
All the times we'll chill rolling through the night,  
And I'll never let you go, not without a fight  
I got my hand held tight cause you mean everything,  
And babygirl you got more shine than a diamond ring  
People hate on me when they see us together,  
Cause they wish they had you but that won't happen,  
ever  
I'll buy you whatever, just to keep you going,  
New shoes and rings just to keep you glowing  
All the money I'm blowing, just to keep you happy,  
And I can't help but smile cause you look so classy

[Hook:]

Dam girl, can I ride with you?  
Can I just pick you up and let me slide with you  
That's right  
Cause you're just my type,  
So let me get you prettied up so we could roll tonight  
Dam girl, can I ride with you?  
Can I just pick you up and let me slide with you  
That's right  
Cause you're just my type,  
So let me get you prettied up so we could roll tonight

[Verse 2:]

When we cruise, it feels like paradise,  
And I love to show you off cause you look so nice  
It feels so dam right, just me and you,  
And your eyes light up more brighter than the moon  
I'll buy you perfume, so you could smell so good,  
Never once do you complain when I roll through the  
hood  
Just like a good girl would, you're always bouncing  
high,  
No matter if we're in the streets or in the parking lot  
You're the best thing I got, my number one main  
squeeze,  
To have a good thing like you, you gotta have a lot of  
chips  
Whenever you get thirsty, I'm gonna buy you a drink,  
And when you feel broken hearted I'll fix whatever you  
need  
You hardly ever speak, but I always understand,  
We're a match made in heaven, the best thing known to  
man  
A future has been planned, so you'll never leave my  
side,  
Me and you babygirl, dancing in the moonlight

[Hook:]

Dam girl, can I ride with you?  
Can I just pick you up and let me slide with you  
That's right  
Cause you're just my type,  
So let me get you prettied up so we could roll tonight  
Dam girl, can I ride with you?  
Can I just pick you up and let me slide with you  
That's right  
Cause you're just my type,  
So let me get you prettied up so we could roll tonight

[Verse 3:]

Forever you and me, that's how it's gonna be,  
And we can never separate cause you're my destiny  
Baby you're so sweet, you make me feel so good,  
And I like the way you love me, just like Brenton Wood  
Even though I'm from the hood, you make me feel like  
a rich man,  
Why you with a fool like me, sometimes I don't  
understand  
It's like dam, we've been through a lot together,  
I used to be a knucklehead but I changed for the better  
Remember all the love letters way back in high school,  
Six years and growing strong, who would've ever knew  
I used to go see you at your parents house,  
Throwing rocks at your window, hoping you could

sneak out  
Remember chilling on the couch, watching movies?  
And your parents would tell you, I'll be something you'll  
regret  
But we never let that get in the way,  
And even if wanna leave me, in my heart you're gonna  
stay

[Hook:]  
Dam girl, can I ride with you?  
Can I just pick you up and let me slide with you  
That's right  
Cause you're just my type,  
So let me get you prettied up so we could roll tonight  
Dam girl, can I ride with you?  
Can I just pick you up and let me slide with you  
That's right  
Cause you're just my type,  
So let me get you prettied up so we could roll tonight

[Hook:]  
Dam girl, can I ride with you?  
Can I just pick you up and let me slide with you  
That's right  
Cause you're just my type,  
So let me get you prettied up so we could roll tonight  
Dam girl, can I ride with you?  
Can I just pick you up and let me slide with you  
That's right  
Cause you're just my type,  
So let me get you prettied up so we could roll tonight

Dam girl,  
Can I ride with you (with you, with you)
