When I wake up...

Yea I know I'm going to be I'm going to be that man
who wakes up next to you

When I go out...

Yea I know I'm going to be I'm going to be that man
who goes along with you

If I get drunk...

Yea I know I'm going to be I'm going to be that man
who gets drunk next you

And if I heaver

Yea I know I'm going to be I'm going to be that man
who's heaving to you

But I would walk 500 miles

And I would walk 500 more

Just to be that man who walk a thousand miles to fall
down at your door

When I'm walking...

I know I'm going to be that man who's walking hard for
you

And the money...

Cause for the work I do I'll pass almost every penny
onto you

When I come home...

Yea I know I'm going to be I'm going to be that man
who comes back home to you

And if I go...

Yea I know I'm going to be I'm going to be that man
who going over you

But I would walk 500 miles

And I would walk 500 more

Just to be that man to walks a thousand miles to fall
down at your door

When I'm lonely...
well I know I'm going to be I'm going to be that man
who's lonely without you
And when I'm dreaming...
Well I know I'm going to Dream I'm going to dream
about our time when I'm with you
When I go out...
Well I know I'm going to be I'm going to be that man
who goes along with you
And when I come home...
I know I'm going to be I'm going to be that man who
comes back home for you
I'm going to be that man who's coming home for you

But I would walk 500 miles
And I would walk 500 more
Just to be that man to walks a thousand to fall down at
your door
