Lay down beside me
So that I can hold you tight.
I will let you rest.
Rest in my embrace.

And I promise to never,
Never let you go.
But if you; re going down,
I'm going down with you.

Hold, hold on.
Because it's gonna be so fine.
Hold, hold on.
Because it's gonna be so fine.
Hold, hold on.
Because it's gonna be so fine.

Lay down beside me
So that I can hold you tight.
I will let you rest.
Rest in my embrace.

And I promise to never,
Never let you go.
But if you; re going down,
I'm going down with you.

Hold, hold on.
Because it's gonna be so fine.
Hold, hold on.
Because it's gonna be so fine.
Hold, hold on.
Because it's gonna be so fine.
