Jamillia knew that from the start it wasn't going to work  
the call you're waiting for but never comes drives me  
berserk

and little Jam slips around to shuffle near to Kirk  
he smiles when he sees her and she returns the smirk

Jamillia I wanna feel ya up  
and lift your skirt right over your head  
other guys they wanna steal ya  
but in the end you'll sleep in my bed

Jamillia I wanna feel ya up  
and lift your skirt right over your head  
other guys they wanna steal ya

the time it \_\_\_\_\_ and with it subtle pain  
and dripping as the tears seemed the same as falling  
rain  
a storming silent passion but cerebral not to tame  
her entertaining what the masses want for all it's just  
the same

Jamillia I wanna feel ya up  
and lift your skirt right over your head  
other guys they wanna steal ya  
but in the end you'll sleep in my bed

Jamillia I wanna feel ya up  
and lift your skirt right over your head  
other guys they wanna steal ya

it fades away too soon and in just a couple days  
my \_\_\_\_\_ freely lifts up in all its many ways  
for years pass, now I know I made a big mistake  
your eyes can illustrate in one look a simple craze

but though we can't reconcile what is past  
you know my deepest thoughts but in the shallow end  
you cast  
and though my thoughts are with you in an ordinary  
frame

my mind's a dirty thing and will forget just the same

Jamillia I wanna feel ya up  
and lift your skirt right over your head  
other guys they wanna steal ya  
but in the end you'll sleep in my bed

Jamillia I wanna feel ya up  
and lift your skirt right over your head other guys they  
wanna steal ya
