I admit it, I was guilty
But don't you believe it, that I was wrong

I never accepted my relocation
And I'm looking out past them four hours till dawn

I've dreamed of this day since they locked away the
key
A prisoner in chains will not make a madman of me
These voices insane are telling me tales from the stars
So I call on the reigns of forces drawn in from afar

The walls have deceived me
I imagined this all on my own
These spirits around me, clouds of dust looking for a
new home

When they tap on my shoulder, tell me I got what I
deserve
I throw my arms & destroy them
Cause on this day they will eat all their words

I've dreamed of this day since they locked away the
key
A prisoner in chains will not make a madman of me
These voices insane are telling me tales from the stars
So I call on the reigns of forces drawn in from afar

I can stop all the voices
and bang on the walls with my fists
But my only choice left
is the one I'd never dismiss

I hear the world through the echos
A song of life through the noise in the crowd
In this cell I've known plainly
That what I want is what is not allowed.

I've dreamed of this day since they locked away the
key
A prisoner in chains will not make a madman of me

These voices insane are telling me tales from the stars
So I call on the reigns of forces drawn in from afar
