I don't want to get back into the ring
But I feel like these gloves are glued to my knuckles
And every time, and every time I try to stand up for
myself, yeah, yeah
I start to feel, I feel my knees start to buckle, buckle,
yeah, YEAH!

One too many blows to the head
Left me for dead, but still I fight on
One too many blows to the head
Left me for dead, but still I fight on

And as I step, and as I step, and as I step, and as I step
And as I step, and as I step, step, step into the ring
I see my opponent, he is 10 feet tall and 500 pounds
Yeah, this is getting kind of frightening
And as we knock gloves, and as we knock gloves
And as we knock gloves, and as we knock gloves
He said don't you think your moves could use a little
lightning
That's when he turned to me and said, and I quote:
"BOY!
Use a little less whitening, whitening, YEAH!"

One too many blows to the head
Left me for dead, but still I fight on
One too many blows to the head
Left me for dead, but still I fight on

YEAH! a da-dat, a da-dat, a da-dat
A da-dat, a dat-dat-dat-dat, WAAAAA-HUH-UH!

Cause I've got everything I want but losing my mind!
YEAH! I-I-I-la, I-I-I-la, I-I-I-la-da-da-yeah!
Body blow, body blow, knock him out!

Dat-dat-dat, dat-dat-dat, dat-dat-dat
Dat-dat-dat, Dat-dat-dat, dat-dat-dat, YEAH!

One too many blows to the head
Left me for dead, but still I fight on

One too many blows to the head
Left me for dead, but still I fight on
One too many blows to the head, yeah
Left me for dead, but still I fight on
One too many, one, one too many blows to the head
Left me for dead, but still I fight on
