Uh, eh  
Oh, uh, eh  
Yeah, oh, hey

We've been, going together  
Too long to be vague  
When there's something to say  
If it's not now, then it's never  
So I'll say it straight out  
'Cause I have no doubt, no doubt

Let's get married  
I love you and I want to stay with you  
Let's get married  
Have kids, grow old and grey with you  
Let's get married  
Hold hands, walk in the park  
Let's get married, hey, hey  
Let's get married, hey

We know, other people who drifted apart  
Who broke each others hearts  
But we ain't other people  
So we'll do things our way  
We're gonna be okay  
Gonna be more than okay

Let's get married  
We're ready for tying the knot  
Let's get married  
Set the seal on the feelings we've got  
Let's get married  
We can make each other happy  
Or we can make each other blue  
Yeah, it's just a piece of paper  
But it says "I Love You"

For the good times  
For the days when we can do no wrong  
For the bad times  
For the moments when we think we can't go on  
For the family

For the lives of the children that we've planned  
Let's get married  
C'mon, darlin', please take my hand

Oh, and I'll be the one who's by your side  
Yeah, I'll be the one still taking pride  
When we're old if they ask me  
"How do you define succes?"  
I'll say, "You meet a woman  
And you fall in love and you ask her and  
She says, "Yes", ask her if she says "Yes"

Let's get married  
I love you and I want to stay with you  
Let's get married  
Have kids, grow old and grey with you  
Let's get married  
Hold hands when we walk in the park  
Let's get married  
All right you can get a cat just as lang as it barks

For the good times  
For the days when we can do no wrong  
For the bad times  
For the moments when we think we can't go on  
For the family  
For the lives of the children that we've planned  
Let's get married  
C'mon, darlin', please, take my hand  
C'mon, darlin', please, take my hand  
C'mon, darlin', please, take my hand

Hey, hey, hey  
Hey, hey, hey  
Hey, hey, whoa
