Rollin' on the way
Feel appalled that nothing can be saved
Breathin' in the air
Let the cold wind blow
Nothing can compare
I'm on my way
Flyin' on a shelf, no one turn the page
See what you're leavin'
Roll around dreamin'
Try to feel the ground
Riding in the clouds
See what you're missin'
Leaves have been kissin'

Thunder in disguise
Love to run and I'm following the rain
Tryin' hard to find
In this state, ay, lady, turn to time
I've found no way

So I've been walkin'
Heard the birds talkin'
And I'm cryin'
Can't stop that sawin'
Too light, don't draw it
Blew my mind
I can just see, I can feel it

I could believe it, even conceive it

Feel it in the wind
Fill your eyes and you'll see it again
Movin' all around
There's a whole earth
Calling to be found
And every day

Seems I've been walkin'
Heard the birds talkin'
And I'm cryin'
Can't stop that sawin'

Too light, don't draw it
Blew my mind

Seems I've been walkin'
Heard the birds talkin'
And I'm cryin'
Can't stop that sawin'
Too light, don't draw it
Blew my mind

Seems I've been walkin'
Heard the birds talkin'
And I'm cryin'
Can't stop that sawin'
Too light, don't draw it
Blew my mind
