When I hold you in my arms,  
And look back on my charmed-  
life  
My charmed life  
I hope, I hope if nothing more  
That one day you'll call your-  
Life  
A charmed life

Well I never really worried that much  
About making lots of money and such  
And I always seemed to land on my feet.  
Though there's been some difficult times  
The good times were never far behind  
I snatched all of my victories from the jaws of defeat

When I hold you in my arms,  
And look back on my charmed-  
life  
My charmed life  
I hope, I hope if nothing more  
That one day you'll call your-  
Life  
A charmed life

Well the course of true love never ran smooth  
They broke my heart, and I broke theirs too  
And breaking up was so very hard to do  
But I knew I'd find the one  
And sure enough she came along  
And not long after that along came you

Well sometimes this life is like being afloat  
On a raging sea in a little row boat  
Just trying not to be washed overboard  
But if you take your chances and you ride your luck  
And you never, never, never, never, never give up  
Well those waves will see you safely to a friendly shore

When I hold you in my arms,  
I know that this is a charmed-

life  
A charmed life
