Verge of destruction, past life a mess  
Domesticated, father knows best  
Schizophrenic, self centered freak  
Won't see it coming, soul filled with hate

Haunted possession,  
Axe in your hand  
Eyes filled with blood, psychotic acts  
Hair trigger temper,  
Deranged and mad  
Submerge in darkness,  
Coming your way

Day of reckoning, want to be the  
Thing inside you will unleash  
Voices in your head they command  
Carry out these dreadful plans

Awaiting the day in disarray  
Stalking his prey, those he betrayed  
Building inside, terror will hide  
When it's released, horror will feast

Blood will flow, rage the beast  
Hunt for you, life will cease
