### "Postcard To Rosie"

There's a young lady called Rosie;  
She is my West Country girl.  
I promised her that no matter  
Where I should go in the world,  
I'd send a postcard to her...

I'll send a postcard from Paris,  
Paraguay, Prague and Peru-  
I'd even send one from Liverpool  
If Rosie wanted me to...  
If Baghdad or Beirut won't do...

Most of the time I remember,  
But once in a while I forget.  
If you see fit to forgive me,  
I'll always be in your debt...  
And I'll make you proud of me yet...
