

## Procol Harum "About to Die"

Visit "[About to Die](#)" on [MotoLyrics.com](https://www.motolyrics.com)

About to die, the crowds applaud you  
Afraid to die, they'll resurrect you  
Light a candle up in kingdom come  
Light the way for the Saviour's son

A candle burning bright enough  
To tear the city down

About to die, the crowds reward you  
About to die, their cheers ignore you  
Light a candle up in kingdom come  
Make a welcome for the chosen one

No candle burned with fire enough  
To tear that city down

About to die, the crowds applaud me  
Afraid to die, they'll resurrect me  
Light a candle up in kingdom come  
Light the way for the Saviour's son

A candle burning bright enough  
To tear the city down
