All our dreams
All our dreams
All our dreams are sold

Rings upon your fingers
Bells upon your toes
Every day's a game of chance
Every body knows

In the king's apartment
Heavy lies the crown
There must be a thousand ways
To bring that castle down

Wave the mighty dollar
Make us live again
Lead and we will follow
Faithful to the end

Wave the mighty dollar
Pave the streets with gold
Lead us by the collar
All our dreams are sold

Rings upon your finger
Stardust in your hair
Jumping through that wall of fire
All for the market share

In the king's apartment
Desperate human greed
Try to find a different way
Satisfy that need

Wave the mighty dollar
Make us live again
Lead and we will follow
Faithful to the end

Wave the mighty dollar
Pave the streets with gold
Lead us by the collar

All our dreams are sold

Wave the mighty dollar
Make us live again
Lead and we will follow
Faithful to the end

Wave the mighty dollar
Pave the streets with gold
Lead us by the collar
All our dreams are sold

Wave the mighty dollar
Make us live again
Lead and we will follow
Faithful to the end

Wave the mighty dollar
All our dreams are sold
All our dreams are sold
Babe, all our dreams are sold
Babe, all our dreams are sold

Lead and we will follow
Lead and we will follow
Lead and we will follow
Lead and we will follow

All our dreams are sold
All our dreams are sold
All our dreams are sold
Babe, all our dreams are sold
