[Prodigy:]

Yeah live from the Massacre Tour
And i'm gettin' at all ya'll bitches
Alot of ya'll bitches is real silly
Fuck that i'm gettin' at all ya'll bitches anyway
'Till I find the right one
That work with me
You understand what i'm sayin'?
Fuck that I could book you a flight baby

[Verse 1: Prodigy]

Tiffany out in Connecticut, now thats a bad bitch
I told her I could make her whole lifestyle switch
She in love with my Turbo 911 Porsche
But some niggas she fucked with got her brain lost
Must be out of her mind for turnin' me down
Told the bitch "Look look what you doin' right now"
Just roll with me probably overseas
And you ain't never in your life got to worry about gees
Got this one nigga's wife this nigga a cop
He had kids with the bitch now the bitch on stuff
I could only see her on every third weekend
Bitch i'm gone should've left the kids with him
Its 'gon be one lucky bitch on the planet
To see my plan and want to take advantage
Bitch better get it while she could still have it
Cause me and Christina Milian gettin' married
And if that bitch front still stuck off Nick Cannon
Then me and Lindsay Lohan 'gon shock the planet
I need me a million dollar bitch thats hood
And if not I take a regular bitch that looks good

[Chorus: Prodigy]

You should fuck with me I'll take you to different time
zones
Different countries and area codes
Introduce you to the new free world
But you rather fuck him and be stuck in the hood girl
You should fuck with me I'll take you to different time
zones
Different countries and area codes

Introduce you to the new free world
But you rather fuck him and be stuck overthere girl
