\* remake of Boogie Down Productions "Criminal Minded"

[Prodigy]

Yeah old school part one feel it  
The realest, Who be the realest  
Them niggaz stay  
Infamous minded  
U've been blinded  
Cut on your face  
Fucking with these mobb giants  
They are the victims  
We be the victors  
Sometime a nigga gotta step up  
And bring war, Spray ks  
And go out in a blaze  
Young guns learn to duck  
So they wont catch strays  
Wont shoot to be frontin'  
Or to waste shots for nothin  
If I'm pulling out my torch  
Im gonn hit somethin', Whatever  
Slugs through your avirex leather  
I close one lid  
So I could aim a little better  
I stop firing  
Andde-cock the hammer  
You need triads  
I need to get up outta here  
Dont really think It's cool to let another man  
[Havoc]

"Let me buck that nigga son"

[Prodigy]

I hold my own cannon and shoot just as fast  
Move with select few  
Dont fuck with lil dude  
Or little pistols  
Strictly the big Ru's  
Cause deuce-deuce its only good for hiding

I need big firepower when I'm riding  
52 shot clips  
You pop lips, Silence  
And i dont stop dumping till i hear sirens  
I'm not a boyz n the hood addict  
Menace fanatic  
I live the street life for real  
So i can brag it  
Pop gave me gun lesson back when i was a kid  
Now i fire more arms than he ever did  
Thats why  
I keep things in proper prospective  
And every album point y'all niggas in the right direction  
There'sno protection, when I'm on the mike  
You couldn't fold me  
If you trained all your life  
You's a chump, I'm a champ  
You broke, I'm top dollar  
Niggaz gotta whole lotta mouth  
Thats no problem  
Fake thugs lay down  
Real killers dont yell it  
Bring it don't sing it nigga  
Use intelligence  
Its evident you not, murder material  
When you all alone, you pose guns in the mirror yo  
Chinky, Rapper Noyd, Hav, G part 3, my nigga Bino and  
Nitty  
Y'all feel me  
Let me get deeper in the subject  
Cause its gets me hard  
Every nigga holding  
Dont mean he gonn arc  
Any nigga that show it  
Need to disown it  
Or get it taken by another who deserve it  
Listen, this is what it takes to survive today  
Use your eyes, to my niggaz thats ride with me  
And you see that nigga P, be the storm quiet  
Im holding, so ease back  
I stay infamous minded  
[Noyd]  
Yeah yeah nigga, shit is real  
You know  
[Prodigy]  
Infamous minded  
[Noyd]  
Yo, this niggaz outhere  
We moving blindly dun, its all about survival though  
They don't know  
You the top dawg for the rest to follow

[Prodigy]  
Infamous minded  
[Noyd]  
You know how we do it killer  
The Qb way, my way or no way  
Queensbrige to our death day  
[Prodigy]  
Infamous minded  
[Noyd]  
Shit, why you think they call us infamous nigga  
We earned the title nigga  
Not cause it sounds tough dumb fuck  
[Prodigy]  
Infamous minded  
[Chorus]  
[Prodigy]  
When the bridge start rocking  
The bridge, It keep rocking  
When the bridge start rocking  
The mobb'll keep rocking
