I'm a dog in a manger
A cat with a mouse
I'm the prodigal stranger
I'll burn down the house

I'm a self-educator
A collector of news
I'm the cool liberator
Any topic you choose

I'm a man with a mission
I'm a shooting star
And I got no inhibitions
I don't care who you are

Got my eye on the future
And my hand on the pulse
There's a whole world of people
In the back of the bus

There's a man on a tightrope
Who's got nothing to share
Just a whole lot of secrets
And a head full of air

I'm a man with a mission
I'm a shooting star
I got no inhibitions
I don't care who you are, yeah
Hey

It's the Tropic of Cancer
The meaning of soul
There's a change in the weather
To have and to hold

The method of access
A handful of dust
It's just par for the course, boy
Get back on the bus

I'm, I'm a man with a mission

(With a mission)
I'm a shooting star
I got no inhibitions
(Inhibitions)
I don't care who you are

I'm a man, I'm a man, I'm a man with a mission
(With a mission)
I'm a shooting star
I got no inhibitions
(Inhibitions)
I don't care who you are

I'm a man, I'm a man, I'm a man with a mission
I, I, I'm a man with a mission
(With a mission)
I'm a shooting star
