You only wake me  
Up when you're hungry  
I'll make some dinner but not to day  
You only take me  
When you get lonely  
Into the sunshine where we can play

And then we'll light a cigarette, for two  
Maybe we'll ride on handlebars, so new  
Go on and give it to me

Yeah Yeah, just kick me to the  
Yeah Yeah, just kick me to the  
Yeah Yeah Yeah just kick me to the curb,  
that's what I'm needing

You only spank me  
When I get naughty  
Sometimes my manners they go astray  
You only thank me  
When you get greedy  
You know I'll take you back so it's okay

And then we'll light a cigarette, for two  
Maybe we'll ride on handlebars, so new  
Go on and give it to me

Yeah Yeah, just kick me to the  
Yeah Yeah, just kick me to the  
Yeah Yeah Yeah just kick me to the curb,  
that's what I'm needing
