I see him there  
Why do I care?  
His reputation warns me  
To be with him  
Fulfill his whim  
And hope he keeps me maybe

This crush is dangerous  
I know he has no love for me

We're doin' fine  
I shouldn't mind  
It when he leaves me waiting  
To be untrue  
Oh what to do?  
I know he'll soon be caving  
This crush is dangerous  
I know he has no love for me

All I wanna know  
Is should I let him go  
Or kill him tonight in his sleep  
No matter what my choice  
He won't be taking me

Was my boyfriend  
With her again?  
I guess my turn is over  
I knew better  
He may love her  
So now he has another

This crush is dangerous  
I know he has no love for me 3x
