I'm gonna tell a little story  
About the ones I left and left me  
You'll know if you're one  
Cause you know what you've done  
Whoa oh

Spending days and nights with Matty  
For weeks on end only to dump me  
I had my suspicions  
Your jealous convictions  
Whoa oh

And you deny  
You've done wrong  
Well Ive kept my mouth shut too long  
Get out of my way oh way oh

First you kissed me then you killed me  
Get out of my way oh way oh  
Wont stop me watch me go  
Watch me go

Eddie always wore a tie  
Got drunk and called and made me cry  
Why he did it  
He wouldn't admit it  
Whoa oh

Emilio was a two timer  
Hooked up with my friend the liar  
Spread the wrong story  
Made sweet people hate me  
Whoa oh

Still you deny  
You've done wrong  
Well I've kept my mouth shut too long  
Just watch me go  
Watch me go
