Out like a butterfly, in like a bee  
June is here, yes yes siree  
Happy times for you and me

May was totally lame  
Nothing happened at all  
July will not rock very much  
I have to go visit my grandma

School's out for summer  
Totally not a bummer  
Hey, let's jam to that Don Caballero  
Chew some gum and do the mack nasty

Because it's June, it's June June June  
Just because it's June, June, June  
June June June June June  
Gives me more time to read "Dune"

Totally wack
