Here we go

If you were mine [16x]

If you were mine, I would give you my everything
My everything girl
If you were mine, I would give you the world
Oh you're on, my mind
Can't you see you're the one for me
The one for me girl
If you were mine, I would never let go

Here we go

If you were mine, I would give you my everything
My everything girl
If you were mine, I would give you the world
Oh you're on, my mind
Can't you see you're the one for me
The one for me girl
If you were mine, I would never let go
If you were mine

If you were mine
Here we go

If you were mine... [3x]
