I can't believe what I'm feeling now  
After all that it's time I was far down  
Their broken lives should show the way  
Far past anything they say  
(They say)

I can't resist anything you give  
Every single part of the way you live  
I don't know if this is so right  
But I will never forget this night

I'll make this forever  
And take you here with me  
I'll make this forever  
It's what I need

This is the end of what's always been  
All the hate they bring doesn't mean a thing  
When you're in this place standin' here with me  
Everything I need I can almost see

Why am I so alone  
When there's so many around?  
Everyone now is not the same  
As I slowly drift away

I'll make this forever  
And take you here with me  
I'll make this forever  
It's what I need

(You don't know why?)  
Why am I so alone  
When there's so many around?  
Everyone now is not the same  
As I slowly drift away

I'll make this forever  
And take you here with me  
I'll make this forever  
It's what I need

Yeah  
Yeah  
Yeah  
Yeah
