It's quieter if between
Your words ain't what you mean
You're used to the idea
It's not cuz you been seen
I don't know what to do
But what you did to me
I took a piece of you
And threw it in the sea

You can't do that to me
You can't do that to me
You can't do that to me
You can't do that to me

You got your big ideas
They ain't as big as mine
I'll tell you this again
But only one more time

You can't do that to me
You can't do that to me
You can't do that to me

You can't do that to me

It's quieter if between
Your words ain't what you mean
You're used to the idea
To nod cuz you've been seen
I don't know what to do
But what you did to me
I took a piece of you
And threw it in the sea

You can't do that to me
You can't do that to me
You can't do that to me
You can't do that to me

You can't do that to me
You can't do that to me

You can't do that to me
You can't do that to me
