The cars hiss by my window  
Like the waves down on the beach  
The cars hiss by my window  
Like the waves down on the beach  
I got this girl beside me  
But she's out of reach

Headlight through my window  
Shinin' on the wall  
Headlight through my window  
Shinin' on the wall  
Can't hear my baby  
Though I called and called

Yeah, right  
Woo!

Windows started tremblin'  
With a sonic boom  
Windows started tremblin'  
With a sonic boom, boom  
A cold girl'll kill you  
In a darkened room

Yeah, woo  
Ride  
Ride on  
Weooooo!  
Wawa, eooo!  
Oooo, owa, owaaa!  
Wa, waaaaea!  
Ooo, wa, wa, wa, wa, waa!  
uh-huh
