You acting all famous, like you were the major  
You like get out my face and give me my space, brah  
10000 square feet, or maybe and acre  
Cause you got 5000 friends added on facebook  
But when you go outside then nobody know how your  
face look  
Like this bitch on twitter, she follow me, I follow back  
She unfollow me, IÂ'm like what was that?  
Please go get some minus that, you donÂ't even know  
where your father act  
CanÂ't shake no act cause your mama flat  
Â... make your ass look bigger  
Instead they tryina gaffle niggas  
So shit never works, got it fucked up  
Get a new life, you prolly should  
Acting like a tough guy in your tweets  
He think that you prolly shook  
I think you prolly shook  
Cause you always on instagram  
My niggas in the hood got instagram  
Tryina fill me in before they hit the can  
No reverb nation, but IÂ'm down wish soundcloud  
Yeah go you was fronting, you fuck with my sound  
now?  
Well like be the company, you donÂ't fuck with me  
I know somebody would  
Would be in the middle of the ghetto  
Still acting hollywood

Met this girl on twitter was an instant fan  
Should he tweet till his fingers jam  
Pictures of a tongue out turn into spam  
She showing off her tongue ring or she into stance  
She said she want a baller but she understand  
She want an out order and get a instant man  
But real bros don't want hoes, that's 6 4  
So you won't find those on instagram  
Hold up, let a man play up  
She on facebook crushing dudes  
Taking booty pics like ain't it sunny out  
Bitch that's the moon!  
Thirsty bitch you a thirsty pitch  
You need a sprite or a mountain dew  
Claiming niggas is players like we don't see shawty  
scouting too  
And these dudes that flurry to the spot  
And then talk shit and then scurry when it's hot  
See where I'm from we worry bout bein shot  
Where you from you worry bout being black  
See ...beef and I'm sweating it  
Mad cause I'm out here getting it  
And if your girl like 2 more pics  
Then best believe that I'm hitting it  
And you tweet so ignorant  
I can see that you're into it  
Red cause you wear your pants so tight  
And I bet that is just to be fittin in
