His words are complicated, they make a stinging
sound,
His plan is orchestrated, their voices screaming out
loud,
No chance for negotiation, against what they have in
store,
Its roots are generations, all are welcome to civil war,
(civil war),

When all of your words just keep falling upon deafened
ears,
And even your own politicians refusing to hear,

(Chorus)

It may be time for a new beginning,
A time to wipe the slate to clean,
One final chance to take back your country,
Welcome to the new, anarchy...anarchy,

Military infiltration, we must control the bomb,
Complicate the dignitaries, to buy us a little more time,
Execute the administration, over take the media's role,
Reassure the other nations, everything is under control
, (under control),

And end to enslavement of those who made this
country great,
A beginning of pride for ourselves and death to those
we hate,

(Chorus)

It may be time for a new beginning,
A time to wipe the slate to clean,
One final chance to take back your country,
Welcome to the new, anarchy...anarchy,

(Musical interlude)

Welcome to our independence, this is new society,
Our plan is orchestrated, welcome to the land of the
free,
Now to help us through this process, keep the people

well in line,
Please do extend your forearm, we'll tattoo a number
assigned, (just get in line),

Be careful what you fight for you might just get what
you ask,
And don't think this story can't happen it already has,

(Chorus)
It may be time for a new beginning,
A time to wipe the slate to clean,
One final chance to take back your country...
