Tonight's the night, i play down at the local bar,
Just me and my guitar,
Life passed me by, left me here on my own,
Just me and my guitar,

All along I've been told, over and over again,
How to run my life,
Get a job, pay the rent and do my time,
Settle down with my wife,

All along I've been told, over and over again,
How to run my life,
They say...get a job, pay the rent and do my time,
And settle down with my wife,

(Chorus)

I just pick up my guitar and play a song,
I like to sit back here and watch time go on,

So here i sit, playing only to a few,
At this lonely bar,
But this is where, i get to sit and think,
And feel like a star,

(Chorus)

Thats why i just pick up my guitar and play a song,
I like to sit back here and watch time go on,

(Musical interlude)

(Chorus)

I like to pick up my guitar and play a song,
I like to sit back here and watch time go on,

The lights grow dim, as i pack up all my things,
Just me an my guitar,
But i take, just one last look, back at the stage,
And head out alone to my car,

(Chorus)

I just pick up my guitar and play a song,
I like to sit back here and watch time go on
