Girl, you should know
Play around with fire
And you might get burned
You must be insane

Think that I'm a hoe
Playin' me for easy, sleazy
Baby, you should know
That ain't the way I roll

Don't play dumb
When you know you want some
You ain't gonna get it
Baby you know I ain't the one

He was your man
But he's my best friend
I ain't gonna hit it
Baby, you know I ain't the one

I just can't understand
Why you wanna go behind
The back of my best friend
Messin' around wit me

You must be insane
Don't you realize the game done
Reckonized it's game
So face reality

Don't play dumb
When you know you want some
You ain't gonna get it
Baby, you know I ain't the one

He was your man
But he's my best friend
So I ain't gonna hit it
Baby, you know I ain't the one

Get it no, get it no
Get it no, get it no

Get it no, get it no
Get it no, get it no

I ain't crazy, this is all too close
Don't try to play me
'Cause baby, I ain't the one

Don't play dumb
When you know you want some
He's my best friend
He's your man

Don't play dumb
When you know you want some
You ain't gonna get it
Baby, you know I ain't the one

He was your man
But he's my best friend
So I ain't gonna hit it
Baby, you know I ain't the one

Don't play dumb
When you know you want some
You ain't gonna get it
Baby, you know I ain't the one

He was your man
But he's my best friend
So I ain't gonna hit it
Baby, you know I ain't the one
